

Recommended and designed for use in all Ink Jet Printers for white or light colored fabrics

You Will Need:

- JetWear™ Soft Gloss iron-on transfer paper
- Cotton or cotton/poly blend garment (white or light-colored)
- Large pillowcase
- Hand iron or Commercial Heat Press
- Smooth, hard, heat-resistant surface

Printing Your Transfer

- Insert a single sheet of transfer paper into the printer with the printable surface loaded correctly for your printer. (See your printer manual if necessary.)
- Mirror or flip image prior to printing.
- Trim away any unprinted paper around your image.

Using A Heat Press (Commercial Use)

- Place garment on press pad. Center transfer on garment (face down).
- Press at 375°F (190°C) with high pressure for 15 seconds.

Removing Paper From Back

- Allow garment to cool for at least 2 minutes.
- When cold to the touch, peel away the transfer paper using steady pressure, starting from one corner.
- If paper tears, try a different corner.

Washing Instructions

- Wash garment separately (first time only). Turn inside out.
- Machine wash cold with color-safe detergent. No bleach.
- Remove promptly from washer to prevent bleeding. If bleeding occurs, rewash immediately.
- Tumble dry with low heat. Add towels to facilitate drying.
- If garment needs ironing, do not iron directly on transfer.

Storing Unused Transfers

- After opening JetWear transfer paper, store unused sheets in a resealable poly bag.
- Store paper flat, in a cool, dry area.

1. Using a Hand-Iron

- Preheat iron for 5 minutes on hottest setting. Do not use steam setting!
- For proper pressure, use an ironing surface that is waist-level or lower. Do not use ironing board, glass, concrete, granite, or any soft or heat-sensitive surface!
- Fold the pillowcase in half and place it on the ironing surface with the open end hanging over the edge. Iron pillowcase to remove any wrinkles.
- Place garment over the center of the pillowcase. Iron the garment to remove any wrinkles.
- Center the transfer paper--image side down--on garment.

2. Hand-Ironing Times

- For a full-page transfer, iron for 3 minutes in pattern illustrated in next step.
- For a half-page transfer, move iron in continuous circles for 90 seconds.
- For a quarter-page transfer, move iron in continuous circles for 45 seconds, or for 30 seconds if smaller than a quarter-page.

3. Hand-Ironing Your Transfer

- Step A: Holding the iron as pictured, firmly slide across transfer paper from right to left, making 4 equal passes of 20 seconds each. Be sure to pass over all edges.

- Step B: Holding the iron as pictured, firmly slide the iron from bottom to top, making 5 passes of 20 seconds each. Be sure to pass over all edges.
